

ECONOMIC CONCLAVE 2025

**INNOVATION & ECONOMIC GROWTH:
ROLE OF FINANCIAL TECHNOLOGY**

ORGANISED BY

**BIRLA SCHOOL OF ECONOMICS
BIRLA GLOBAL UNIVERSITY, BHUBANESWAR**

Overview

In the era of digital economy, the evolution of Fintech has marked a significant transformation in the Indian financial sector. It has created an eco-system that contributes to efficient financial management and services. The new financial ecosystem involves adaptation of new technology by diverse institutions including banking, insurance, investment and payment systems. The economy is now characterised by digital banking, mobile payments, digital wallets, algorithmic trading, block chain & crypto currency and crowd funding platforms etc. The financial market is now transitioning from industry 4.0 to 5.0 i.e from data driven decision making to human-machine collaboration. It is likely that this will further facilitate to work more efficiently. It is likely that such dynamics of the financial sector evolving through innovation in terms of FinTech will results faster economic growth.

In the above background, the conclave on Innovation and Economic Growth: Role of Financial Technology will have panel discussion on the following themes.
